Everglades Experiment Station Staff Participate In 2nd International Kenaf Conference Dec. 8-12

All phases of kenaf culture and processing were covered at the opening session of the Second International Kenaf Conference being held this week, Tuesday through Saturday, at the Holiday Inn in Palm Beach, sponsored by the Soil and Crop Science Society of Florida, with a group of staff members from Everglades Experiment Station participating. Cooperators are US-AID of the State Depart-

ment, Ludlow Corp., Schleicher Products Company, U. S. D. A., and the University of Florida. Speakers at the conference include the Honorable Paul Rogers, Congressman for the 6th District of Florida, and Dr. Jose Figueres, recently President of Costa Rica in Central America.

The event is being attended from both hemispheres both below and above the Equator.

Program Director is D. W. Fisher, leader, Cordage Fibers Investigations, Crops Research, U. S. Department of Agriculture, Belle Glade.

W. G. Genuing gave a report entitled "Insects Associated with Kenaf". J. R. Orsenigo discussed "Weed Control in Kenaf". J. F. Joyner told about "Fertility Studies in Kenaf" that he conducted with D. W. Fisher and H. W. Burdine.

"Methods of Evaluating Kenaf" were described by R. V. Allison, W. Fisher and T. E. Summers reported "Rational Studies with Decorated Kenaf". Mills Byrom discussed the "Twin Drum Ribbon" and J. F. Joyner showed the "Effects of Row Spacing on Kenaf Yields."

"Improvement of Kenaf Through Interspecific Hybridization," was the discussion given by F. D. Wilson. T. E. Summers told of his "Improvement of Kenaf Through Interspecific Hybridization," and T. E. Summers showed "Control of Root-Knot Nematoles and Root Diseases of Kenaf." These papers and discussions were followed by reports of the kenaf situation in each of the producing countries.

Three interesting papers were presented on the use of Kenaf for making paper, one of these given by Dr. Gordon Killen, director of the Main Florida Agricultural Experiment Station in Gainesville.

Mr. James M. (Jack) Dempsey, formerly of Newport Industries at Canal Point, and now advisor to the Government of Vietnam at Saigon, discussed "Kenaf Production in Southeast Asia." Other papers discussed various phases of growing and processing of the fiber along with the economic considerations.

The First International Kenaf Conference was held in Havana, Cuba.

Commission Suggests Harris And Argitar As Jury Commissioners

The County Commission, at its regular meeting Monday, agreed to recommend the appointment of Junius Harris and Junius Argitar, merchant of West Palm Beach, to the Governor for appointment as Jury Commissioners.

Dr. V. E. Green New Pres. For Soil Science Soc.

Dr. Victor Eugene Green, Jr., Belle Glade, a staff member at Everglades Experiment Station the past 13 years, was elected president of Florida Soil and Crop Science Society of Florida at the 24th Annual meeting of the organization held in Palm Beach last week.

"For Lighted We're Christmas"

A bit behind other years' schedule, but Christmas street lights began blinking spasmodically and places Wednesday night and thanks goes to Belle Glade Jaycees who will pay the bill. By tonight they should be burning in full splendor all over town.

Shrine Football Game Xmas Afternoon

The Glades has been assigned several hundred tickets to the Annual Shrine Football Game scheduled for Christmas day at in former years.

Last year's ticket purchasers will be given choice of same seats for a reasonable time, and until the supply is exhausted may take additional ones for this year.

Those wishing good seats should telephone Don Aspey at Belle Glade Machine Works 996-2990.

These funds, as all others throughout the Xmas season for football games and other entertainment, are used to add to, improve and maintain crippled children's hospital through out the United States.

These hospitals care for Crippled Children of all creeds, colors, social and economic levels.

Choralists And Glee Club Entertains At Lions Club Meeting

Lions Club members were entertained Wednesday noon at their regular meeting, by the Choralists, composed of eight boys and eight girls from Belle Glade High School, and the Belle Glade High School Girls Glee Club, Under the direction of Miss Janis Schwab.

The Choralists opened the program, singing "Jingle Bells," and "White Christmas" accompanied by the piano by Miss Sherry Burgess. The Girls Glee Club, composed of 70 members, singing a cappella, rendered a number of beautiful Christmas selections. This same group will present a concert tonight at the High School auditorium.

It was suggested that each Lion bring to the December 23rd meeting, an inexpensive gift of a toy, and at the close of this meeting, these toys will be given to some organization, who in turn will present them to needy children for Christmas.

Wall Street Capital And King Ranch's Cattle "Know-How" Join In The Glades

John Armstrong, Executive Vice President and Dick Kleberg, Jr., Assistant Manager of King Ranch (left) are discussing problems with Walter Bienecke Jr. (far right) and A. Sanchez, Jr., as Mr. Bienecke's personal representative.

On Thursday, Nov. 3rd, a plane-load of associates and officers of King Ranch of Kingville, Texas visited Big B Ranch, near here and flew over the 30,000-acre development by helicopter, with some ground inspections.

"The Santa Gertrudis was developed with a tolerance for heat and insects and with an extreme hardness, with the dominant characteristic to grow heavier on grass than any other breed," says Mr. Dick

Kleberg, Jr., of the King Ranch. "The breed's record of doing well in sub-tropical and tropical climates, similar to that of their origin, indicates to us that the Florida climate is logical for their growth and development," Mr. Kleberg continued.

John Armstrong, Executive Vice President of the largest cattle operators in the world added: "We began studying the potentials of the Glades as long as 18 years ago when the Everglades Experiment Station had what was called a 'cow cafeteria' on several one-acre plots. I believe they have a five-year record of a ton of beef per acre on these tests."

At that time, there were problems with minor elements, which have been solved now, Mr. Kleberg and Dr. Chapman of the Experiment Station have done some very effective work on the use of copper as a counter effect to the adverse elements in the excessive amounts of molybdenum in certain forages. As a matter of fact, the Everglades Experiment Station deserves great credit for the work it has done towards the solution of problems in beef production. Dr. Kirk at the One Station also has pointed up the solution to many problems cattleman encounter.

"Studies we have made of grasses, climate and particularly the water control made available by the main canals,

have convinced us that Santa Gertrudis cattle will thrive here and display to great advantage their inherent characteristics."

Mr. Kleberg added: "We are pleased with the people with whom we are able to associate in this joint venture of producing a Florida strain of Santa Gertrudis."

Big B's land ownership finds Walter Bienecke, Jr., as the dominant figure, with Mr. Alvaro Sanchez, Jr., as his General Manager.

The tract which reaches from the North New River Canal eastward to the Hillsboro, and continues to Pumping Station No. 6, Frontage on Conservation Area No. 2 for several miles, and on the Hillsboro, assures a source of fresh water and pools into which flood waters may be discharged. The North New River answers the same purpose at the west end as well as two main roadways.

A considerable acreage of sugarcane was planted and is under lease to Tullman. Several sections have been planted to pasture — St. Augustine — and a total of 10,000 acres of production. Dr. Kirk at the One Station also has pointed up the solution to many problems cattleman encounter.

Under the plan, heifers from King Ranch will be shipped to Big B and eventually the 30,000 acres to be devoted to this project and affiliated programs.

Elk's Tree Sale Begins

STEVE AND SCOTT BERRYHILL want the Elks to do well in their Annual Charity Christmas Tree Sale ... their daddy, Lee, is chairman of the project.

The Glade Elks' annual charity Christmas Tree Sale will start today, December 10.

In the sales lot adjoining the Elks Club home on SE Avenue E, there's a large variety of fresh cut trees, directly from the heart of Canada. The assortment includes all sizes and

prices to suit every pocketbook. Sales chairman Lee Berryhill announced.

You'll find Scotch, Spruce and Balm on hand, and the Elks will have fresh supplies arriving until Christmas.

All proceeds go to charity. "Help us to help them," Elks members urge.

Atlantic Co-op Abhors Proposed Quota Cut

The annual meeting of Co-op members of the Atlantic Sugar Association was held Monday, Dec. 7th at the Plant, with all officers and Management representatives in attendance.

Sam Knight, T. Ball, A. H. Hebler and Clarence Kidder were elected for three year terms to the Board; Peter Barabian, Steve Barabian, Otto Larson and Dave Young, received the nod on two year terms as Directors; J. Allen Baker, Pete LaChance and Sam Senter are the one year Directors.

Water Resources — Secretary Tom Adams Visits Glades He Is Pleased With Local Planning

Secretary of State Tom Adams lauded the planning and efforts of Okeechobee Waterway Association at it's meeting Tuesday afternoon at the Belle Glade Country Club.

The City of Belle Glade and the Chamber of Commerce were hosts to the Waterways Committee from Stuart to Ft. Myers, with Representative Emmet Roberts of Palm Beach, and newly elected Representative Jack Spratt of Hendry County present.

Avery Bass, Charlie Goddett and Ephraim Morris prepared the food with home-canned fish as the main dish.

Meyer Williams, City Manager Tevis Hugely along with Roy Kimberly and John Manus and Thobe Shiver were on the working committee for the preparation and serving of the food.

"We always enjoy visiting with the Glades and doing whatever we can to promote the Glades harbors and water transportation facilities," says Chairman Gleason Simbaugh and Board Member Billy Burns of the food.

W. L. Cunningham Honored By Library Board Members

W. L. Cunningham, Sr., who is retiring January 1, after serving the City of Belle Glade many years, was honored with a coffee Sunday afternoon from 4:00 to 5:00, given by the Board of the Belle Glade Public Library.

Throughout the years Mr. Cunningham has done so much to help the Board in working for a better library," Mrs. Betty Harris, librarian, said.

He was presented with a gift from the Board in appreciation of his service, a tie clasp and

cut link set.

The library was decorated with arrangements of roses and gladioli. Mrs. Herman Clois and Mrs. Pete LaChance served coffee and delicious home-baked cookies at a table covered with a lace tablecloth and decorated with a centerpiece of Gerberas and Jasmine and candles.

Guests were members of the Library Board, members of Mr. Cunningham's family, and many of his co-workers.

Many of the books that have been donated by individuals in memory of a departed loved one or friend, were on display. Each book contains a plaque in the front noting the gift.

"This method of expression has added greatly to building our library and is particularly appreciated by the families whose loved one is commemorated," Mrs. Herman Clois said.

"Particularly when there would be an over abundance of flowers."

Committee: Mrs. J. P. Hallbrook, chairman; Mrs. Junius Harris, Mrs. Sera Shera Smith, Mrs. Clarence Williams.

"The New Look" For Sanctuary

The Everglades Presbyterian Church has let a contract for the extensive renovation of their church sanctuary and the construction of an addition to the wing to their Christian education building. In making the announcement, Mr. Urban Felsing, chairman of the Building Committee, said that the cost of the program will be about \$40,000 and that the work would begin immediately.

The renovation of the sanctuary calls for a complete redecking of the interior and exterior of the building. The exterior work includes a new entrance in a neo-classic motif, stuccoing of the walls, landscaping and painting. There will also be an addition to the north end of the building which will house a new study for the pastor. The interior will be modified to include a narthex adjacent to the nave. Also the chancel area will be changed to reflect this theology of the Presbyterian and Reformed faith. Included in the sanctuary building will be a small conference room and church library.

The new wing of the Christian education building will include a modern kitchen, rest lounge for ladies and men, a nursery, kindergarten room and one youth classroom. The existing wing of the Christian education complex will be renovated to match the new construction. Plans call for the furnishing of the building with the most modern furnishings consistent with good educational instruction.

Chesler Cone is architect for the project and Roy Steele will be the contractor.

GLADES CHURCH NEWS....

Witnesses To View Film In Kissimmee At 3-Day Meeting

"We'll be going to Kissimmee this weekend for a three-day Christian assembly scheduled to begin Friday evening at the Tupperware Home Parties Auditorium on U. S. 441," said Mr. Miles P. Crum, local presiding minister of the Belle Glade Congregation of Jehovah's Witnesses.

Mr. Crum added, "Remember meetings held at the Belle Glade Kingdom Hall will be cancelled this weekend since the majority of the congregation will be in Kissimmee December 11 through 13."

Convention officials still estimate an attendance of 1,000 to be present for the event sponsored by the Watchtower Bible and Tract Society and the Kissimmee congregation of Jehovah's Witnesses.

Mr. Crum said that he had been informed by Joseph Saita and David F. Bowman, Witness Supervisory Ministers, from the Witnesses' National Headquarters in New York, that the assembly will feature a free showing of a Witness produced film entitled, "PROCLAIMING EVERLASTING GOOD NEWS ABOUT THE WORLD."

Mr. Crum added, "The film shows scenes in 22 countries covering 24 religious assemblies which the Watchtower Bible and Tract Society sponsored in 1963. The film, although covering scenes in many countries, is not just a travelogue or a fiction story but was produced by the Watchtower Society to give viewers an insight into the deep-rooted causes for the serious decline in spirituality that has eaten into the very roots of our Society."

The turnout for this film, when shown in Orlando this summer, was so great that hundreds of people were unable to view the film because of seating capacity. The facilities of the Tupperware Home Parties Auditorium are excellent and should accommodate a large crowd for this showing. Many will be returning to view the film on "second time," said Mr. Crum. "The film will be shown at 7:00 p. m. Saturday evening and is absolutely free," added Mr. Crum.

The assembly will also feature a Model Ministry School demonstration Friday evening and a baptism of new candidates for the ministry on Saturday afternoon.

"More than 13,000 were in attendance and 197 new ministers were baptized at our last assembly in Jacksonville, July of this year," Mr. Crum added. Highlight for Sunday will be a public talk at 3:00 p. m. by Witness Supervisor Joseph Saita entitled, "Our Divided World, Is It the End of the World?" More than 1,000 are expected to be present.

WMU Continues Week Of Prayer

The Women's Missionary Union of the First Baptist Church of South Bay will continue to observe a week of prayer for foreign missions through the theme for the special emphasis is "Worship Christ the Lord."

A special offering will be taken each evening this week and then on Sunday a special offering for the foreign Mission work through the Little Moon Christmas Offering. The goal for the church is \$75.00 with all Sunday School Departments joining to reach this very important goal for the week of foreign missions.

Annual Joy Gift Christmas Party Held By Ev. Presbyterian Women

The Women of the Church, Everglades Presbyterian Church, held their annual Joy Gift Christmas Party Tuesday evening.

After the invocation by Rev. Paul Vondracek, dinner was served buffet style. Each woman had prepared and brought a specialty to be enjoyed by the members and their guests. The tables were laid with white cloths with a Joy Gift place-mat and brochure used to carry out the theme of the party. The Christmas table was decorated with the beautiful table decorations of holly, evergreen and red.

An interesting and inspiring Bible Study, "The Church Head Jesus Christ, Her Lord," was presented by Mrs. Sam Crissman. A film "Sing along with Joy," was shown by Program Chairman, Mrs. Junior Collins.

The Joy Gift offering, which is used for Ministerial Relief, was then accepted by Mrs. Florence Powell and Mrs. Clara Stinson. A dedication prayer was given by Mrs. Katherine P.

Following the benediction by Rev. Vondracek, the meeting was adjourned.

Rev. Harry Darrow Lists Activities For Church of Christ

Rev. Harry Darrow, Jr., pastor of the Belle Glade Church of Christ, announces the following church activities:

MISSION WORK: At the last business meeting, it was decided to help support the work in Hong Kong. Tom Tunes showed slides and presented the vast potential of the work among the Chinese, at a recent service.

SPECIAL CLASS: A thirteen week course on leadership, is scheduled for the first of the year. The class is designed to help each man grow spiritually, make the business meetings more effective and lay the proper foundation for the appointment of Elders and Deacons.

BENEVOLENCE: On December 7th, the Food Truck from Mount Dora Orphans Home stopped at the church building for the various items contributed by the members.

PILLOW COSSAGES: Each week, the ladies make around 100 pillow cosages to be distributed in the local hospitals. The following participants in the work during the month of November: Christine Bell, Effie Bell, Louise Bates, Cornelia Bohannon, Mary Darcie Fortner, Eloise Matthews, Edith Melvin, Beverly Melvin, Ruby Melvin, Mildred Riehy, Minnie Snyder, Molly Stacy and Susan Taylor.

Family Of Mrs. Gove Honored At Dedication Services For New School

AT GOVE SCHOOL DEDICATION SERVICES - 1-r. Mrs. Maile Lutz, principal; Miss Gwen Gove, Mrs. J. C. Brown (mother of Mrs. Gove). Mrs. James Chambliss, and Mrs. Margaret Mosley.

A portrait of Mrs. Genevieve Gove will be hung in Belle Glade's new southeast section elementary school which was dedicated and officially named Monday night in fond memory of this beloved teacher and good citizen.

Presentation of the portrait of Mrs. Gove was made at the Monday night ceremonies by Mrs. James Chambliss, daughter of Mrs. Gove, on behalf of the family in accepting for the family the lovely tribute paid her mother.

With Mrs. Chambliss were her sister, Gwen Gove and grandson, Mrs. C. J. Brown of South Bay, mother of Mrs. Gove. Another daughter, Karen, who is a senior at FSU, Tallahassee, was prevented from being present, due to her heavy school schedule.

Mrs. Margaret Mosley gave the dedicatory address which was a brief history of the schools in Belle Glade, starting with their gatherings of children on Ritz, Torrey and Krummer Islands, and following the progress to the present day of modern, well-equipped buildings and fine, dedicated teachers and staff. "Belle Glade is so fortunate to have the educational facilities we have today," Mrs. Mosley said.

Concluding her talk, she presented to the large crowd assembled the family of the late Mrs. Gove, who were previously recognized by program chairman John Kinlaw.

A Parent-Teachers Association for Gove Elementary School was organized at the Monday night meeting with Mrs. Robert Edens, Mrs. Hoke Cooper, Edwin Rice, Felton Pittman and Jim Conway elected as officers. The slate was presented by Mrs. W. L. Cunningham for the nominating committee.

Special guests attending were introduced by principal Mrs. Lutz: John Martin, interim Supt. of Schools, Ralph Powell, school board assistant, Louis Bills and Bert Johnson, school board members all of West Palm Beach; Mr. Weisner, assistant in finance, A. R. Hartington and Milton Carpenter, members of the Board of Public Instruction, and Frank Hobson, former principal of Belle Glade High School.

Also introduced were the teachers of Gove Elementary and recognition was given city officials attending.

The benediction was given by Rev. W. R. Boland.

Seven Inducted Into Cub Scout Pack

Cub Scout Pack 622 held a November-December meeting last Friday evening at Junction Hall with Assistant Cubmaster Frank Thomas presiding.

Seven cub scouts, Bobcats, Rickie Guzman, Randy Nelson, Ray Alston, Clark Lloyd, Jay Harville, Mike Douglas and Mike Cunningham, were inducted into the Pack.

Brice Talley, Tony Martinez and Lewis Parker advanced to the Wolf rank and Lion Badges were presented to Chipmy Haines, Rodi Bowen, Dominic Ryan and Randy Davidson. Arrow Points for extra achievements were awarded to Walter Miller, Noel Fuller, Lewis

Parker and Randy Davidson.

Boy Scout Ronnie Bryant was presented with his Cub Scout Webelos badge which he had earned prior to joining Troop 621. He also received a miniature Webelos mother's badge which he presented to his mother, Mrs. J. R. "Gunny" Bryan.

The skit was presented by Den 4 and depicted a weather observatory with a prediction of clear and fair based on the "elaborate" instruments and maps. However, an old "codgers" predicted rain from his bandaged foot, and needless to say, it rained.

The attendance award was won by Den 4, with Dens 2 and 5 taking 2nd and 3rd.

Alice Mixson Will Work Again With Harvest Contest

Bill Aspey, chairman of the Annual Harvest Queen Contest sponsored by the Belle Glade Jaycees, is happy to announce this week that Mrs. Alice Mixson has agreed to donate her time to work with the Harvest Queen Committee again this year.

Mrs. Mixson, active in civic affairs and a local florist is to be complimented on her excellent work with the committee last year. She will again have charge of the girls and work with the committee to coordinate the contest. A bigger and better contest than ever is planned for this year.

The contest is open to single girls from all around the Lake from 16 to 21 years of age. Applicants for the contest will be accepted after Jan. 3, 1965.

M. B. James announced, the dance committee is hard at work, making plans for a bigger and better dance.

December 11, 15, 18 Dates Set For Tax Seminar Series

Major changes in income tax reporting will be discussed at a series of Farmer and Small Business Tax Seminars, sponsored by the Florida Agricultural Extension Service and the Florida Accountants Association, this month.

Extension Service economist Roger P. Hill said that the first seminar will be in West Palm Beach on December 11. The date for the second is December 15, in Ocala, at the Ocala Federal Savings and Loan Association. The final seminar is scheduled for Tallahassee at the Agricultural Center, on December 18.

While the seminars are designed primarily for tax consultants or others assisting farmers and small businessmen in filling out their returns, everyone is welcome to attend, Hill said.

The Internal Revenue Service and the Social Security Administration are cooperating in the seminars. At the district director, Internal Revenue Service, of Jacksonville, and Glenn Stephens, of Palatka, are chairman of the educational committee, Florida Accountants Association, helped in planning the seminars.

Seminar speakers will include J. H. Hooper and I. H. Thomas, Internal Revenue Service, Jacksonville; Robert White, assistant district manager, Social Security Administration, Gainesville; Walter Kehoe, district manager, Social Security Administration, Tallahassee.

County agents M. U. Mounts, of West Palm Beach; Edsel W. Rowan, of Ocala; and J. Lloyd Rhoden, of Tallahassee, are making local arrangements for the seminars. Representatives of the Florida Accountants Association, Grady Hartley, of

Civitan Christmas Project

Civitan Fruitcake chairman, Jerry Fussell, left, is shown presenting a check for \$100.00 to Ben Hyton at the club's Tuesday meeting. Mr. Hyton is associated with the Christian Ministry to Migrants and directs its area activities from Osceola Center.

Prior to the presentation, Mr. Hyton gave an informative talk on the ministry's annual Christmas program and shared with Civitans the satisfaction that comes from working in this vital project.

The work has received the support of the local Civitan Club for the past several years from funds derived from the sale of Claxton Fruit Cake.

Tallahassee: John Welch, of West Palm Beach, and Glenn Stephens of Palatka, are co-operating.

This is the second year the tax seminars have been held in Florida. Two were held last year, in Live Oak and Marianna.

Girl Scout News

Cadet Troop 264 enjoyed a trip to Camp Welaka December 4-6. Friday night we were entertained with Indian dances given by boys belonging to the Order of the Arrow.

We arose at 7:30 by the trumpet players: Janet Ayres, Day, Luce, and Patricia Murray playing Reville. The girls cooked breakfast, lunch and supper by units, with the five units leaders Della Davis, Gayle Luce, Kathleen Murphy, Patricia Murray and Jennie Lee Snow.

After tent inspection we went swimming. In the afternoon we went on a hike in the rain before supper and had a campfire after supper. At 10 o'clock the trumpets blew taps. Tricks were played by everyone.

Sunday services were given by Diane Brown, Gayle Luce, Rita Schoenfeld and Shari Smith. Before lunch we went swimming and afterwards began getting ready to leave camp. On the way home we stopped at a Dairy Queen for ice cream cones.

Mrs. J. M. Davis accompanied the troop leaders Mrs. C. W. Kidder and Mrs. M. J. Luce. Mrs. F. C. Schoenfeld took a carload of girls to and from Camp Welaka. All the girls and everyone reported a weekend of fun and activities.

"Paul Rardin Appreciation Day" This Next Sunday

"Paul Rardin Appreciation Day" will be held at Palm Beach County Sunday, by proclamation of the county commission.

Virtually every civic and church group in Canal Point, and other parts of the county, will be represented at a celebration at 3:30 p. m. at the Glades Office Bldg. The new Paul Rardin Park will be dedicated, and open house will be held at the Glades Office Bldg.

Teen Town Dance Saturday Night

Announcement is made this week that a dance will be held at Teen Town, Saturday night, December 12, from 7:00 o'clock until 12:00. Chaperons for the evening will be Mr. and Mrs. Latour and Mr. and Mrs. Betzner.

PCA Official Attends Credit School

"In order to keep credit service efficient and geared to the changing needs of agriculture, officials of production credit associations are participating in Management Development Institutes," according to Mr. Chas. B. Long, Jr., Secretary-Treasurer of the Farmers' Production Credit Association.

Mr. Earl Davis, Assistant Secretary-Treasurer, has just returned from a three-day Institute held in Columbia, South Carolina. Approximately 60 officials from production credit associations in Florida, Georgia, North Carolina and South Carolina were in attendance.

Instructors at the Institute included Gus W. Campbell, Management Consultant of New York, and officers of the Federal Intermediate Credit Bank of Columbia. Case materials, group discussions, and decision-making problems offered an opportunity for the exchange of ideas and practice in the practical application of the principles, skills and tools of management, Mr. Long said.

According to Mr. Davis, some of the program topics included: nature of modern management; principles of planning; organization and functions of a board of directors; delegation of responsibility and

authority; decision making; long range planning; improving communication skills; principles of effective organization; determining objectives, goals and policies; characteristics of an effective board; improving human relations skills; requisites of a manager in the next decade; and salary administration.

The farmer-owned and operated Farmers Production Credit Association has 492 farmer-members and extended \$14,820,000 in capital purpose and operating credit to farmers of the area last year.

The Farmers Production Credit Association makes short and intermediate-term loans to farmers in Indian River, St. Lucie, Okeechobee, Martin, Palm Beach, Broward, Dade, Collier and Monroe counties with principal office in Miami and branch offices in Vero Beach, Belle Glade and Immokalee, Florida.

Your Palm Beach County Tuberculosis & Health Association hopes residents will share the health on this day by responding to their Christmas Seal letters with contributions to fight tuberculosis and other respiratory diseases.

Christmas Seal funds support the Association's year-round activities designed to combat long term respiratory diseases, including TB, which now affects millions of Americans. These funds pay for case finding and educational programs to alert the public to ways and means of combating these diseases. They finance also research projects of vital importance in these and other related areas.

"TB is still a major health problem, affecting more than six hundred thousand Americans who are suffering from, or threatened by, the active disease," according to George H. Boutwell, Christmas Seal Campaign chairman. "In addition, chronic respiratory diseases affect millions of Americans, bringing illness, disability and, in many cases, death. Christmas Seals fight TB and all other respiratory diseases such as asthma, emphysema, chronic bronchitis, and others.

"DO-IT-DAY" has been established as a reminder that help is needed to continue the important work of the Tuberculosis Association. "Remember," Mr. Boutwell said, "your 'DO-IT-DAY' contribution can make a big difference in your TB Association's programs for better community health."

The Federal Aviation Agency has released 665.68 acres of surplus airport land from the national emergency use listings, and will permit county commissioners to sell it.

Cheerleaders Elected For Basketball Games

The South Bay school students held an election for cheerleaders this past week for the basketball games which are about to get underway.

Miss Barbara Warren was elected Captain with the following officers to serve the 1964-65 school year: Marion Sullivan, Co-Captain, Judy Zwick, Janet Hartford, Mary Spires, and Terry Crews.

The following were elected as alternates: Tina Bickett, Sharon Rouse and Judy Zwick. Mr. Riley E. Foster is coaching the basketball players and games should begin within the next few weeks.

Rardin Unconcerned About Meeting Date

County commissioners decided Monday to hold their annual reorganization meeting at 10:50 a. m., Thursday, Jan. 7.

Chairman Edward Bandlow cancelled the regular meeting scheduled to be held Monday, Jan. 4.

Outgoing Commissioner Paul Rardin of Canal Point, defeated in his try for re-election and leaving the commission after 20 years of service, drew a laugh from the audience when the commission was trying to decide on a meeting date.

"It really makes little difference to me, Mr. Chairman," Rardin said with a grin.

He'll be replaced by E. W. (Bud) Weaver of Lake Harbor, the Democrat who defeated Rardin in the May primary.

Two-Car Accident In Belle Glade Saturday

A two-car collision occurred Saturday morning at approximately 11:30 at Avenue E and 18th Street. A 1958 Pontiac convertible, being driven by James Wesley Fry, (son of 132 Becker Place, Pahokee), ran a stop sign, and was hit by a 1957 Buick sedan, driven by Mr. Guy Woods, of Pahokee. Mr. Woods suffered knee injuries and received treatment at Glades General Hospital, later transferring to his personal physician.

Glades Dist. "Skill-O-Rama" Camporee To Be Bigger And Better This Year

Lay Scouts and Explorer units of the Glades District, Gulf Stream Council, will participate in a "Skill-O-Rama" Camporee on the America ranch north of Fort Mayaca this week end. Check in will be Friday afternoon, December 11, and check out will be Sunday morning after an early breakfast and worship services.

Main events will take place on Saturday and will include ice building and water boiling, solving, skills-o-rama cooking, tag-team, wildlife, and other events to test the skill of the scouts. These activities are fun for those taking part and also a real learning experience.

Families and friends are invited to visit the Camporee and serve Snoutling in action. The Fire of Arrow will conduct a tap out ceremony at the Saturday night campfire.

District 6, the Glades District, includes the communities of Belle Glade, Lake Harbor, Clewiston, Moore Haven, Pahokee, Canal Point, Okeechobee, and Indiantown, and the chairman of this district is Dr. Frank Thomas of Belle Glade.

The Camporee will be under the direction of Tom Parker, district camping and activities chairman. Last year's "Know-How-Show-How" camporee was attended by approximately 100 scouts, leaders and visitors, and indications are that this year's "Skill-O-Rama" camporee will be bigger and better.

O. E. S. 197 Honors Past Matrons And Patrons Dec. 3rd

Past Matrons and Patrons of Belle Glade Chapter 197 O. E. S., were honored at the meeting held December 3rd, in the Masonic Hall. Mrs. Mary Livingston was in charge of the program.

The following Past Matrons and Patrons were introduced: Mrs. Eula Pennington, Mrs. Margaret Royals, Mrs. Beulah Simmons, Mrs. Mary Schiebel, Mrs. Sally Stein, Mrs. Dorothy Graber, Mrs. Evelyn Allen, Mrs. Helen Morris, Mrs. Paye Greer, Mr. William Greer, Mr. Fred Simmons and Mr. Don Ayers. Red poinsettias were presented to the Matrons and bunches of greens to the gentlemen.

The star-points paid appropriate tribute in the Candle-lighting ceremony, after which a song was sung in honor of Past Matrons and Patrons to the tune of "Long, Long Ago".

Gifts were donated to the Masonic Home in St. Petersburg, as the Yuletide remembrance from the Chapter.

The refreshment committee was composed of Mrs. Ruth Stein, Mrs. Ed Murphy and Mr. and Mrs. Robinson served refreshments of cookies, mince, nuts and coffee. Thirty-six members and officers attended.

The next regular meeting of the chapter will be held December 17th.

A Nectarine For Central Florida

A new nectarine variety called Sunred, which will grow in the Palatka-Deland-Brooksville area, was developed by the Florida Agricultural Experiment Station.

A nectarine is sort of a fuzz-less peach, about two inches in diameter and bright red in color.

Sunred was developed by Ralph Sharpe, Experiment Station horticulturist, who sought a variety of nectarine whose trees required less than 750 hours of below 45 degree F weather for good dormancy break. All available nectarines have fared poorly in Florida because the climate does not have this much chilly weather.

Sharpe says that Sunred trees need about 300 hours of winter chilling, which occurs in the central Florida area. Regions to the north risk an early bloom and resulting frost damage in the spring, while regions to the south should expect poor dormancy break in mild winters.

The fruit, considered very satisfactory in size and excellent in taste, can be picked during the early part of May.

Hidden Danger In Poinsettias

Poinsettias are decorative flowers that adorn the interior of many Florida homes during the holiday season.

But as pretty as the flowers are, they carry a hidden danger to the unwary. According to Florida Agricultural Experiment Station botanist emeritus Erdman West, when poinsettia stems are cut or broken, they exude a milky-white sap. This sticky sap can be irritating to the skin of susceptible people. West also reports that the leaves and stems of poinsettias are somewhat poisonous if chewed or swallowed.

So, if you're cutting or arranging these flowers for a display, heed West's warning. Handle poinsettias with care.

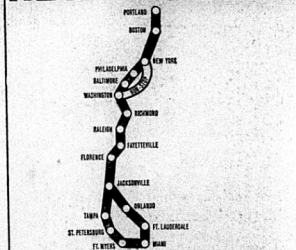

PARATROOPERS NEEDED PAY IS \$55 INCREASE

The United States Army Recruiting Service announces that there is a need for paratroopers in the U. S. Army. The enlistment option of "Airborne" is available to all those who can qualify. This field receives an incentive pay of \$75.00 per month extra in addition to his regular base pay. For more information contact the Army Recruiting Station at 400 S. Olive Ave., Ft. What kind of a tiger do you want under your hood? (Have you priced a tiger lately?)

If you're handy with a whip and chair, go for the 360-hp GTO. It bites. But then, even the 335-hp GTO bites. If you want a slightly more civilized package (but with lots of the GTO muscle), try the Le Mans. You can get it with a six or either of two V-8s. They all have bucket seats. Carpeting. And cost less than some tame cats. So go price a tiger.

Book of the Week
LORNA DOONE by Richard D. Blackmore.

LORNA DOONE is an action filled novel about the love affair between a simple Yeoman, John Ridd, and a lady of noble birth, Lorna Doone. Their love provides excitement and romance throughout the story.

NOTES—
Mrs. Jones met recently at Mrs. Don Williams' home with the officers and sponsors of Teen Town. This organization voted to spend \$100 to buy a cabinet for the library in which to store film strips.

The Art Club is making a Christmas display for the library's bulletin board.

Bookworm of the Week—
Dr. W. Price, a freshman, who is often found in the library reading magazines.

Motto of the Week—
"Books offer fun and profit if you accept their offer."

Centennial Recipes

This week we have a recipe for those cooks that like to be different.

MOONSHINE— Use six egg whites, six tablespoons pulverized sugar, and preserved peaches. Beat the egg whites to a stiff froth, then add sugar gradually. To make it thicker, add more sugar—up to a pint. Beat for not less than 30 minutes. Beat in a tablespoon of preserved peaches cut in tiny bits, or a cup of jelly, and set on ice until thoroughly chilled. In serving pour into each saucer some rich cream, flavored with vanilla, and on the cream place a liberal portion of the moonshine. (Serves seven or eight people.)

(Centennial Recipe Book)

Student Grips

It appears as though someone has overlooked one of the senior privileges. That is, that all seniors should be allowed to leave the gym first after an assembly. This is the first year in quite a while that this hasn't been observed.

Most students realize that our lunch lines are long and often slow, but this can be prevented if everyone will wait his turn and be patient. By so doing you will help the lines to move faster and smoother.

It is very disturbing to be quietly sitting in a class and be suddenly hit by a spit ball. After looking around only to find everyone quite involved in study. If some of you must have this type of amusement, find a quiet place to spit.

Have you ever walked down the hall and found yourself in the middle of a traffic jam? If so, it is probably because certain groups of talkers forget that the corridor is a public walkway. Be patient, these eventually will let you pass.

Always there... with your help

Compliments To BGHS On College Day Program

Compliments to the administration and student body on their participation in College Day were given by Mr. L. H. Layfield, Assistant Registrar of Palm Beach Junior College in a recent letter to Mr. Therrell Luke, Guidance Counselor, College Day was held here November 18, with both Belle Glade and Pahokee High School students participating. Following is the letter from Mr. Mayfield:

November 18, 1964
Mr. Therrell Luke, Guidance Counselor
Belle Glade Senior High School
425 W. Canal Street, No.
Belle Glade, Florida
Dear Mr. Luke:

I want to take this opportunity in behalf of Mr. Bishop and myself to thank you for your fine cooperation, by faculty and students, on our recent visit to your school.

Our impression was that they were well prepared and were interested in the things that we had to offer at Palm Beach Junior College. If any of them failed to get all of their questions answered, if you will have them call or write us, we will be happy to answer any questions that they didn't get the opportunity to ask in the short time we have.

We wish to commend you and your staff on having a fine group of well-mannered, well-dressed, well-behaved students, and we look forward to having them on the campus at Palm Beach Junior College. If we can be of further service to you or any of your students, please feel free to call upon us.

Sincerely,
L. H. Layfield
Assistant Registrar

For Your Information

Many persons are concerned about certain stains on clothing, table linens, or other fabrics. Here are some helpful hints.

CHEWING GUM— Scrape off excess with dull knife. Rub ice until remaining gum rolls into a ball. Sponge with dry-cleaning fluid.

COSMETICS— Rub with piece of bread. The stain will sometimes roll off with the crumbs. If not, professional care is required.

INK (writing)— Wash out as much as possible with cold water, no soap, then warm soaps, and then treat them with diluted bleach. If it is safe for this fabric. (Two teaspoons of home bleach to one cup of water.)

MILDEW— Wash, dry the fabric in direct sunlight or under a sunlamp. Apply weak, cold bleach, if it is safe for fabric. Rinse thoroughly. If stain persists, rub with salt and cut lemon and expose to light as above. Generally requires professional care. May be impossible to remove.

PERSPIRATION— Wash the stained material with soap and dry it in the sun. To remove odor soak in a strong salt solution before laundering.

Stik, do you have some sort of fan club in sixth period? Phys. Ed? Looks like every body in that class has a picture of you.

We had an unexpected guest at Teen Town Saturday night. We enjoyed your mom, Margaret C.

We noticed how Johnny D. really keeps his eye out for "little sis." How do you feel about this Gail D?

Larry F. why are you such good friends with the Teen Town policemen now?

It seems that Mike Marotta has developed quite an accident. It couldn't be true that one of his favorite teachers helped him—could it?

Ann W. and Stik R., have quite a sense of humor—but how cum' they don't always laugh? I thought jokes were supposed to be funny.

Barney W., why don't you just grow a "Sweetarts" garden?

Sounds like Lura L. had a real swingin' time in Eustis. Too bad "Ducker" wasn't there.

Kirby N., who was your phone call from at the dance Saturday night?

Janet H., did you find very many snipes when you went snipe hunting????

Cheerleaders' Spirit Songs

Many students have requested the publication of the revised songs written by the cheerleaders for the last pep rally. If you remember, these songs came from past hits and were rhymed to fit into the spirit of football.

Shimme, shimme Devil stomp—
shimme, shimme stomp
Sittin' on the RAMS bench,
waitin' for my call.

Sittin' on the RAMS bench,
watchin' Devils fall.
Singing shimme, shimme Devil Stomp.

shimme shimme stomp
Wonder if they'll let me play.
Gee we've got em stumped
Wonder what the fans will say
when we win the cup.

Singing shimme, shimme Devil
Stomp.
shimme shimme stomp.

Put Your Head On My
Shoulder.
Put your head on my shoulder
pad,
whether through my helmet,
Baby, we've just won the game,
tell me, am I STILL your
number one.

Keep Your Hands Off
Of My Baby
Keep your hands off my
RAMS,
I ain't gonna tell you but a
one more time.

Oh keep your hands off my
RAMS,
Oh keep your hands off my
RAMS.

Seniors receive Test Scores
Glee Club Presents Christmas Concert

Seniors received their results in the Florida State wide
Twelfth Grade Testing Program
last November 30. Coach
Therrell Luke distributed the

results during the school day break.

Any student with a score of
three-hundred or better on this
test is qualified for admission
to the state universities if he
has a C average in academic
subjects for his four high
school years.

Thirty per cent of the seniors
scored above the required three
hundred; the other seventy per
cent below. The students with
low scores may still attend col-
lege but they have more prepa-
ration to plan for than the
students with passing scores.

Coach Luke states that those
who made below three-hundred
are and still interested in at-
tending a state university,
should go ahead and apply. The
school will either ask the stu-
dent to come to the university
to repeat the test or will notifi-
fy the student if rejected be-
cause of test scores. If rejected,
the student should write to the
admission officers of the
school and ask for a retest. All
retests will be given at the uni-
versity.

Forty-two Take
Home Economic
Exam Dec. 1

The Betty Crocker National
Home Economics Examination
was taken by forty-two girls
on Tuesday, December 1. The
exam is given on a national ba-
sis and the scholarship carried
over the exam is graded as
follows: The highest winner in
the nation will receive \$5000;
the second highest will receive
\$4000; the third \$3000; and the
fourth \$1000. The state winner
will receive \$1500; and the se-
cond highest will receive \$500.

The exam in itself consists
of two parts: an objective sec-
tion, which consists of 100 ques-
tions and lasts 35 minutes, and
an discussion question which
lasts 10 minutes. The question
writing test is designed to test
problems and situations encoun-
tered by typical young married
couples.

The girls tested have taken
or will be taking Home Eco-
nomics II. The exam was admin-
istered by Mrs. Litchfield and
Mr. Luke during the third pe-
riod Tuesday, Dec. 1.

Devil get it through your head

Those Rams are mine.

I Want To Hold Your Hand
Yes you've got that something.
When I say that something,
I want to hold your helmet—I
want to hold your helmet—I
want to hold your helmet. And
when I hold your helmet I feel
happy inside; it's such a feel-
ing that my joy I can't hide, I
can't hide. I can't hide. Yea
you've got that something—I
think you'll understand, when
I say that something I want
to hold your helmet.

Battle of New Orleans
In 1964 the RAMS took a
trip along with Coach Burke
where the Devils they will
whip. They took a little power
and they took a little steam and
they fought the Blue Devils till
they didn't have a team.

We had the ball and the
Devils kept a coming — There
wasn't nigh as many as there
was white ago. We kept the ball
and they began a runnin' on
down the Mississippi to the
Gulf of Mexico.

Well they ran through the
briars and they ran through
the brambles and they ran
through the bushes there was
a rabbit couldn't go. They ran so
fast that the hounds couldn't
catch 'em on down the Missis-
sippi to the Gulf of Mexico.

Ole Burke said we could
take 'em by surprise if we
didn't knock 'em down till we
looked 'em in the eyes. We
held our fire till we see'd their
faces well, then we opened up
our squarred puns and really
gave 'em — Well—

We had the ball and the
Devils kept a comin' there wasn't
nigh as many at there was

and they began a runnin' on

Guess Who

Can you guess who this is?
The corridor or sitting next to
you in class. When this picture
was shown around campus
many students had comments
such as the following:

"It can't be me, it's got teeth,"
replied Jimmy Johnson.
"It's definitely Jeff Altman,"
declared Danny Lanier. "Looks
just like him!"

"No, it's not Jeff," replied
Paula Sheppard. "I think it's
Terry McWhorter. Yes, it's
Terry. It's got to be Terry. Yeah
it's Terry."

"I think it is Terry McWhor-
ter before she got her braces,"
answered Donald Bailey after
a moment of concentration.

CAN YOU BEAT THAT?
IT IS TERRY McWHORTER!

Will Compete In Junior Orange Bowl Queen Contest

Pandora Buss, Junie Harris and Shari Smith

These 3 girls selected to represent Belle Glade in the Junior Orange Bowl Queen contest Saturday in Coral Gables. The

girls will be judged on poise, gracefulness, personality. The queen and princesses selected receive gowns and shoes which

they wear for the various activities. This year the queen will receive a \$100 scholarship up on acceptance in a college of

her choice. All the people of Belle Glade should be proud of these girls and wish them the best of luck.

Produce Middleman Being Left Out

Nearly a third of all fresh fruits and vegetables shipped to 22 metropolitan areas in September were delivered direct to chain stores, according to market news reports of the U. S. Department of Agriculture's Marketing Service.

Southeastern cities included in the produce shipment summary are Atlanta, Birmingham, and Louisville, and also Washington, D. C. The Agricultural Marketing Service said that for individual cities direct deliveries to large scale retailers ranged from 12 to 35 percent, but for most cities, deliveries were within 10 percentage points of the weighted average for all cities.

The Agricultural Marketing Service said that the 30 percent of all fresh fruits and vegetables delivered direct to chain stores in September was the same as last March, but was one percentage point below September, 1963.

Part of the work of USDA's

market news service is regular collection and release of statistics on receipts of food commodities. This provides growers, shippers, and other businessmen with the important "supply" element in marketing.

Receipts reports for both truck and rail shipments are compiled by the Agricultural Marketing Service during May and September each year. May is used, as it is generally a month when produce is shipped from distant shipping areas while September is a month when nearby production supplies a larger part of the market volume.

Tasty Recipes Make Delicious Treats For Christmas Holiday

By Alma Warren

Cranberry chutney can lend color and flavor to poultry and meat entrees during the holidays, say home economists with the Florida Agricultural Extension Service.

The recipe for 1½ cups of cranberry chutney calls for 2 cups fresh or frozen chopped cranberries, 1 cup brown sugar, ½ cup white grapes or seedless raisins, 2 tablespoons finely chopped onion, 2 table-

spoons lemon juice, and 1 teaspoon salt.
Combine all ingredients, mix thoroughly, chill, and serve.

With Classes And Organizations: Aim Toward Definite Goal!

My fellow schoolmates have you taken time out to think about goals you would like to attain in the future? If you haven't, why not so? Now is the time to choose a goal and plan your future. Once you have chosen your goals work hard and try to reach them.

I believe that when a student has reached the ninth grade he should have some idea of what he would like to do in the future. He should constantly ask himself: What do I want as my career in the future? What do I like to do best? What subjects interest me most? When he has considered and answered these questions, then he should be partially able to decide what he would like to do.

As you work toward your goals, you will often have to make important decisions. For example, select a course of study from among the many subjects offered in high school. You will also have to choose the extracurricular activities in which you would like to participate. Some of these activities are: Taking part in the school band, joining the dramatic club, or working on the school news-

paper. Whenever decisions like these arise, it is a good idea to give them careful consideration for the things you do while you are growing up influence what you are able to do later.

In choosing a goal, there is one very important person to consider, YOU. You should know yourself, your interests and your capabilities. Only by understanding and accepting your own strength and weak nesses can you be partially certain that the goals you make and the choices you make are reasonable and sensible.

The choice you make is up to you for no one else can satisfactorily do the choosing for you. However, there will probably be times when you will need to seek advice from your parents, or counselors, or teachers. Consider all of these before reaching a conclusion.

If you choose your goal now it will avoid the last minute rush when you graduate from high school. It will also give you something to aim for. If you choose your goal now, you won't regret it.

Student Of The Week

For several weeks we have been recognizing our honor students. We're proud to say that we are still doing a good job. The student for this week is a native of Seabrook, New Jersey. Born September 22, 1947, to Mr. and Mrs. Augustine Brown, she moved to Florida, shortly afterwards, and has lived here ever since.

While at Lake Shore High, she has maintained a "B" average throughout her illustrious high school career.

She is a member of Honor

Society, the N. H. A., the Fraternities, Club, (Chaplain), the Lake Shore High School Concert Band, the yearbook staff (advertising manager), the student council, chaplain of the senior class, and editor of the "Bobcat Page."

We have chosen this week Miss Dorothea Brown as "Student of the Week."

We encourage Dorothea to continue her good work and to purchase remaining high school career.

Granny Advises

Dear Granny,
I am a senior and planning to attend college in September, but I'm undecided about where I should go. I'm wondering whether I should go, where all my friends are going to some place else. My mother thinks I would do better at another school, but I don't want to leave my friends. What should I do?

Conformist

Dear Conformist,
It appears to me that you have great dependence upon your friends. This is very bad and handicaps you. You must realize that your friends won't be with you forever and the sooner you realize this the better.

You should attend the college where so many of your friends are not planning to attend. This is an excellent opportunity to build up your self-reliance. Have a mind of your own.

Granny

Dear Granny,
My boyfriend took me to the movies recently. He took another girl also, but he thinks I don't know about it? He seated me on one side of the movies, and then went and got the other girl and seated her on the other side. All during the movie he kept getting up saying, "Excuse me please, I'll be right back." This isn't the first time he's done this. What do you think about it?

BOBCATS TAME PAHOKEE HAWKS IN FINAL FOOTBALL GAME 26-13

The Lake Shore High Bobcats played their final game for the 1964-1965 football season on November 25, 1964, on the Lake Shore High School Athletic Field. Their opposing team was the East Lake "Hawks" of Pahokee, Florida.

The kick off was at 8:15, with the Bobcats receiving the opening kick off. The first

score of the game came during the first quarter, with a forty-yard pass play. The score was made by the right end, James Brown, when he received a down-and-out pass right from Charles Haynes. The extra point was carried over by Willie "Bill" Benjamin.

The "Bobcats" were able to make another alley by the same combination, from Haynes to Brown, during the early period of the second quarter. During the latter period of the second quarter, the "Hawks" scored on a second pass. This climaxed the scoring during the first half with the "Bobcats" leading the "Hawks" by a score of 13 to 7.

Campus Fashions

By Bertha Thomas
Annette Williams
It's winter now and it's time for the fashion show. What's being worn by the students? The car-coats are in beautiful colors, and they are being modeled by Daphne Adams, Alice Burns, and Annette Williams.

The soft and fluffy Mohair sweaters are being worn by Ford, Deloris Spencer and Mary O'Neal.

Black leather pants are now very fashionable and they are being "sported" by the hand-models Jerry Roberts, Johnnie Webb, and Robert Phillips.

Practically everyone is wearing the "Lake Shore High School Sweat Shirt" and looking rather nice in them. Why not get you one if you don't already have one?

The winter pleated skirts are rather pretty and are being specifically modeled by: Novella Manley, Emma Davis, Mary Smith and Helen Jordan.

All the winter coats are beautiful worn by: Wanda Worthing, Annette Williams, Gloria Ford, Buster Lowe, Geneva Williams, Elsie Smith, and James G. Brown.

The Leotards are becoming fashionable by: Mildred Pickles, Wanda Worthing and the 7th and 8th graders. They are being modeled by Helen, Howard, Carolyn Green, Ida Polk, Louise Freeman, and Betty Marshall. The following students are considered and sleekest on campus. Why? Take a glance upward at their hair styles:

Dorothea Brown, Shirley Walker, Ernestine Williamson, Ruby Henderson, and Annie Lois Moreland.

FRONT ROW — 1-1: Mack White, Charles Caniel, Lonnie Marshall, James Jones, Back row — 1-1: Milton Jones, Willie Rufus Beamon, Richard Thompson, Hugh Edwards, M. C. Edwards, Bobby Letts.

Two-Timed

Dear Two-Timed,
I've heard jokes like this before, but didn't believe anyone would try such a stunt. The next time your boyfriend tries this trick, catch him in "the act" ask him the meaning of what he's doing. If he doesn't give you a satisfactory answer, cut out and leave. I imagine the other girl will do the same and probably no other girl will be willing to date him. It'll be a long time before he tries that one again.

Granny

KNEELING — 1-1: Lee Luther Glaze, Sammy Edwards, Ronald Cook, Alfred Ryals, Back row — 1-1: Ulysses Brown, Walter Collins, Ernest Edwards, Bill Jones.

Tips To The Females

- Ladies:
Even though you may not realize it, people are always looking at your hands and your nails can be very attractive if you take proper care of them.
1. Wash your hands thoroughly and remove old polish with a polish remover.
 2. Shape nails, using file, to an oval shape or to correspond with the tips of your fingers.
 3. If cuticle oil or cream is desired, it may be used, to remove ragged edges or ends.
 4. Using a nail brush and warm soapy water, wash away all of the cuticle oil and clean under nails with pointed end of file. Dry hands thoroughly.
 5. If you use nail polish use a colorless base coat. Let dry.
 6. Apply polish by making long even strokes covering the entire nail.
 7. Remove all polish that gets on cuticle. A second coat may be used.
 8. After the second coat has dried a colorless top coat may be used to protect the polish and make it glossier.
 9. When polish becomes "chipped" and unattractive, the process should be repeated.

Just Fancy This:

He who is beyond doubt has little time to criticize and find fault. People can be "sized" according to their expressions.

Student Council Officers

By Celeste Hollingsworth
Last year's officers of the Student Council were elected by students of Lake Shore. The following persons were selected.

James Brown — President
Celeste Hollingsworth — Vice President
Elnora Putnam — Recording Secretary
Bertha Thomas — Corresponding Secretary
Viola Edwards — Chaplain

The officers have given their pledges to serve and help to improve Lake Shore High School in every way that is possible. They are also asking for your cooperation to make this year a much better one.

Just For The Record USING YOUR LIBRARY

How many of us utilize our library? What is the purpose of our library?

Libraries are filled with books on all subjects. The library is a place where one goes to concentrate. It is a good place to study. It quietness at all times stimulates the mind. Libraries not only hold books for studying but they also hold books, magazines and pamphlets that are for reading pleasure.

Students should learn to employ the library. They should learn to use the card catalog and the Dewey Decimal System.

After borrowing books from the library, students should take good care of the books because someone else has to use them. Books are loaned to us for a short period of time, after which they have to be returned.

Learn to check books from the library. Using the library will help enhance your grades. Remember, the library is here to help us, not just to glamorize our school or campus.

The Lake Shore High School Bobcats played their opening game for the 1964-1965 basketball season. Wednesday, December 2, 1965. Their opposing team was the Blanche Ely High School Tigers.

The action was triggered off by the Lake Shore High Junior Varsity. The Junior Varsity Boys lost their season opener, 66-42.

Lonnie "Busy Bee" Marshall their right guard scored twenty two points which counted for the majority of Lake Shore's tally.

With this up-set leaving the Lake Shore fans in doubt of what kind of a team Lake Shore had, the Senior Varsity team, considered to be the underdogs, put up a struggle from start to finish which led to the Lake Shore victory. At the close of the Senior Varsity game, the score were 79-64 in Lake Shore's favor.

All of the members of the team played very well, but the outstanding playing of Willie Benjamin and Willie Jones, accounted for most of Lake Shore's tallies.

Benjamin, who is a senior, scored twenty-four points, which only two of them were free throws. Sticking close to him was Willie Jones, a Junior, who scored seventeen.

The "Bobcats" are scheduled to play only four games before the Christmas Holidays. They are in hopes of winning the next three which will be played in the Lake Shore High School Gymnasium. Please come out and cheer your team to victory.

The dates of the games are Dec. 7, 9, and 14. All home games this year are scheduled to begin at 7:30 p. m.

Lamar Mullins

The Associate Editor Speaks:

This prom is planned to be the most inspiring one of all. The officers of the Junior Class are working very hard with the members in order to secure all of their financial needs. The officers are as follows:

President — William Harper
Vice President — Lee L. Glaze
Secretary — Esther Matthews
Asst. Sec. — Estella Grindlin
Treasurer — Rochester Bell
Jamin
Parliamentarian — Chester Bell

Reporters — Christine Holloway
Jennal Davis, Deloris Florence, Ethel Morris, Curtis Bond.

All juniors are looking forward to a successful year.

Mimi's Column

I know you thought that I had left, but that was just a front to lead you on. Now, I'm back on the scene snooping again. Over the Thanksgiving Holiday I saw that:

J. R. H. was riding cool in a fine black Cadillac, but now that G. B. is gone I presume that you will be on foot again. To make a long story short, you were riding cool and attending parties quite regularly.

D. C. A. I see that you prefer soldier boys these days. They say that behind every good soldier there's a lady.

B. L. I saw you cruising a long in a white '64 Impala, but there's one thing that I would like to ask, who was doing the driving? Oh, well, maybe you were just trying to take the driver's place.

E. W. is supposed to be the one and only girl for C. C. P. I'm sure that she knows about the girl he has in Pompano. Watch your step, C. C. P.

I. P. I am I right when I say that I saw you and J. B. together after the game? I know that's right, but what's happening to H. B.?

A. W. you seemed to be very happy at the game, was it because you had J. G. at your side?

Be careful of what you do because I will continue to snoop on you. There will be a next time, so don't forget.

Activities At St. John's First Baptist Church

The St. John's First Baptist Church recently began its activities at 9:00 A. M. with Superintendent Willie James Thompson in charge of the Sunday School.

The 11:00 A. M. service was largely attended. The Spirit was exemplified as the pastor delivered a powerful message on the theme: "The Believer's Triumph."

We appreciate the presence of all our guests. We welcome you to our services. Our out of town guests were Deacon and Mrs. Cooper of Antioch Baptist Church, West Palm Beach, Florida. They are the parents of Mrs. Shirley Washington, a faithful worker of St. John's.

At 4:00 P. M. the Willing Workers Club, an auxiliary of St. John's, sponsored a Coffee Sip at the President's home, Mrs. W. M. White. The guest speaker for the occasion, was Mrs. Amelia Houston. She presented a challenging message, "Look up and March on to Victory."

The occasion was largely attended, and finance realized was \$45.61. The club wishes to thank their guest and participants for making the afternoon so enjoyable.

The club members wore their Club colors, black and pink.

Gospel Singers At Lake Shore High

The Women's Civic League will sponsor a Gospel Sing, December 6, at 8:30 p. m., in the Lake Shore High School, S. W. Avenue-E, Belle Glade.

Singing Groups to be present are: The Heaven Bound Sweet Chariot, The Ohio Blind Boys, of Cleveland, Ohio; The Rev. Julius Cheeks and The Sensational Knights, of Washington, D. C.; Mme. Edna Gailman Cooke and The Sons of Faith, of Alabama. Also featured will be Sammy Stevens and his Gospel Organ, of Dayton, Ohio.

Advance tickets are on sale for \$1.25. Those wishing to do so may purchase tickets at the door, \$1.50.

A representative of the League also announces there will be 700 or more bags distributed to the Children of the Community, December 23, at the Lake Shore Elementary School on 10th Street, beginning at 6:30 P. M.

100 Night Courses At PB Jr. College

Persons who are interested in taking evening courses at a Palm Beach Junior College are reminded that they must complete the necessary data required for entrance in the evening division on or before the first day of registration on January 4 according to Robert C. Moss, coordinator of evening school.

To meet the increased demand for courses, Moss said that the division was now offering over 100 classes.

The course offerings include both credit and non-credit classes which meet Monday through Thursday evenings.

Several new courses are to be given for the first time during the Winter Term. Civil Drafting II is a study in mapping of routes and rights of way profiles, topographical maps and related information. This course is a continuation of Civil Drafting I.

In the area of engineering study of Linear Transistor Circuits the theory and how to build them. Practical laboratory experience is to be included.

For those who have a flare for the musical theatre, a new course designed to acquaint the student with various skills and techniques of the music theatre production aspects of singing and acting will be studied.

A reading program designed to provide an opportunity to develop the basic skills for efficient reading has been included; however, the class is limited to an enrollment of 15 members. This is a non-credit course.

Most classes meet from 7 until 10 p. m.; however, the evening coordinator stated that some classes may differ somewhat because of the college changing to a year round operation schedule. Evening classes will begin January 7.

Fish Are Acomin Says The "Boss"

Reports that fishing is poor in Lake Okeechobee, as a result of current construction on the Herbert Hoover Dam—were denied emphatically today by the Central and Southern Florida Flood Control District.

"Fishing is as good as ever in the Lake," said Riley S. Miles of Kissimmee, Chairman of the FCD Governing Board.

Miles explained that contractors who are enlarging the Lake around the north end of Lake Okeechobee are taking fill from the land-side of the dike—not from the Lake-side.

Of course there is no problem with fishing in the lake, and no "muddying" of water in the Lake as a result of this.

Miles stressed that Lake Okeechobee covers 730 square miles, and more fishermen than ever before are visiting the Lake.

Fishing camps around the perimeter of the Lake report that strings of 15 to 18 bass per day are currently being taken from Lake Okeechobee. Bass average three to six pounds, and larger size bass are quite common. Catfish as usual are being caught in large numbers. Also there are bream, speckled perch, pike, pickerel, and even snook.

It is expected that the 'speck' fishing will be especially good in the Lake when the next "cold snap" of weather occurs.

B & B Opens Modern Florida-Owned Supermarket Today 9:00 a.m.

Well Stocked Gift Center

B & B Super Markets and B & B Gift Redemption Center, the first two units of a proposed four to five unit shopping center opens here today in Belle Glade, 524 South East Avenue "E." The grand opening ceremonies are scheduled for 9:00 A. M. B & B Super Market is one of the most modern food stores on Florida's East coast with 18,000 square feet of floor space.

The official opening of the store and the premium redemption store will run for three days — Thursday through Saturday and will remain open from 9:00 A. M. to 9:00 p. m. on these three days.

B & B Super Markets hold inferential in all freezer cases in to a general plan for its stores the store.

On entering the store, shoppers will be greeted with the freshest and largest selection of fresh and frozen foods in gaily decorated modern low type cases. Truly a supermarket "designed with the customer in mind," nothing has been left to chance, as many extra customer conveniences have been built in, and are readily seen thru out the store.

One very important feature which is new to this area and which is sure to be highly acclaimed is U. S. choice savory aged beef. B & B customers are assured of the same consistent tender qualities of every cut of beef, day in and day out or "Ten Times out of Ten."

The store manager, produce manager and meat market manager have been transferred from other stores to this new modern Belle Glade store. All others have been employed locally. The store manager says "I am very pleased with the job of managing this latest B & B store. It is the finest to be found and has a number of improvements over other B & B stores. The warehouse area in back of the shopping space is very superior and will simplify operations. The decorating of the store is quite unusual and much better than most modern super markets."

Throughout the interior the shoppers will be greeted with a wide variety of harmonious colors on the walls, ceilings, floors and food racks. Fresh produce will be displayed on gaily covered tables and refrigerated counters. Prepared meats and famous name brand groceries offer wide varieties of merchandise. The ultra modern exterior design marks the B & B Super Market as one of Florida's most modern and up-to-date stores.

B & B Super Markets are another example of a Florida business which has grown and prospered with the growth of Florida.

The founder of the B & B Markets, C. D. Bever moved to Florida in 1923 from Brooklyn, Iowa together with his wife and son C. C. Bever who is now president. He entered the retail food business in 1924 at Avon Park. This was the beginning of the B & B the name coined from the first letters of their last names. They soon expanded to surrounding cities to begin what is now one of the largest Florida-owned Super market chains. From the very beginning of B & B's history, C. C. Bever, Sr., has been the driving force behind its growth. Under his sound judgment and guidance, the development of the B & B organization took place. Also, under his

Free Gifts Galore At B & B Grand Opening

Belle Glade's new B & B Super Market is loaded with free prizes to give away during their Grand Opening Celebration this Thursday, Friday and Saturday.

Be sure to get your name in the box... no purchase is required — all you do is register and you may be the winner of girl's or boy's bicycle, scooter, car, Hong King Rick Shaw, Cannon Bath Towel Sets, Electric trains or one of the many electrical appliances. They are giving away. Any of these would make excellent Christmas gifts in case they duplicate appliances you have on hand — coffee percolator, coffee servers, silver service set, G. E. Steam and Dry Irons.

They're also giving a full size Santa Claus, wall thermometers, bath room scales, clown hand puppets, picnic coolers and many, many other prizes. In addition you'll find values galore in their buy-one-get-one free items for this gala opening.

Free coffee and donuts are being served throughout their opening days... they're doing everything to welcome you to their new store. Stop buy and see them.

Eugene Keel, has been selected as manager of B & B's newest unit — the Belle Glade Supermarket.

B & B's Green Stamp Redemption Center is always at hand and fully stocked with a variety of household and other items.

The new B & B Green Stamp gift center has over 3,000 gift items in its selection with approximately 200 to 500 new items added each year.

The convenience of local stamp centers have made B & B Green Stamps one of the best accepted stamp plans in Florida.

The jam packed ultra-modern gift catalog has gained recognition as being among the best in the nation every one is invited to see the new gift center and pick up a free B & B Green Stamp Gift Catalog.

Produce Manager James Owens holds two items from the 45'-long, double, Frozen Food display case.

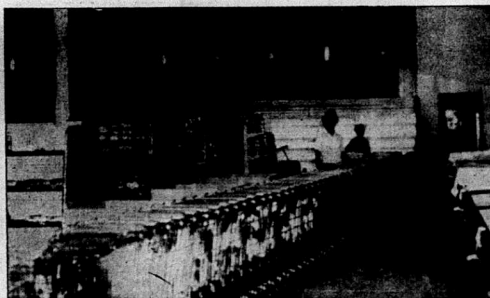

Wide Aisles — Plenty Carts

B & B Is Florida Owned

Bobby Berry, Meat Manager, says "Sure, it's the BEST, referring to B & B's 'US Choice, Savory-Aged' Beef. Mr. Berry is pictured placing a ham on the spit of the electrical barbecue and roasting machine. Ribs, fowl and other meats will be barbecued, baked, or roasted there.

The compartment on the far right is equipped to bake oven-ready pies.

Ethel Waldron, Carolyn Kemp and Kay Davis are shown with a small portion of the carts ready for customers. Wide aisles, and plenty of room for casual shopping is a feature of B & B's in their program to keep space with progress.

Southern Bell
... Serving You

UNCLE DAN from DOOLIE says:

Dear Mister Editor:

The Superintendent of Documents final got around to sending us that book on baby-sitting Ed Doolittle brought it to the country store Saturday night and all the fellows was amazed it was well worth the \$5.20 it cost the taxpayers to get it wrote.

Ed give it to me to fetch home so I could pass on to you some of the fine points on how baby-sitters was supposed to handle young'uns when their folks was gone.

First off, they got a name for the book that's in keeping with Government policy never to spill a spade a spade if you can stretch it out a country mile and call it a sharp steel instrument designed for the purpose of aiding man to penetrate soil surface and lift said soil from said surfaces with a minimum of effort and a maximum of speed or seepum.

The official tag for this book is "Children's Bureau Publication Number 408 - 1964, Public Health Service Publication Number 1179, By U. S. Department of Health, Education, and Welfare, Children's Bureau, Public Health Service, Division of Accident Prevention."

In case you was interested, Mister Editor, in getting this volume for your library, order it by the proper title and save time. It took us three weeks to get our copy on account of not calling a spade by some other name.

Furthermore, it says the Government has got other publications on how to bring up young'uns in the proper manner. For instance, book number 8 is for taking care of babies, book number 30 is kids from 1 to 6 and number 324 is from 6 to 12. They ain't got nothing listed from 12 to 20 so I reckon even the Government has give up on the teenagers. Incidentally, it says it's better to order by the number. Each book sells for 20 cent and I hope our Superintendent of Schools will order a bunch of these books for the school library.

They was a heap of mighty fine got, may be \$5.20 worth. For instance, on page 45 it says all young'uns was liable to throw a tantrum at any time, and it tells how to handle this situation. And on page 29 it warns the baby-sitter that sooner or later a kid was going to get hungry, and it advises the baby

setter to give it some span to eat. On page 28 it says for the baby-sitter not to let kids jump from high places. I reckon they was referring here to trees, the roof top and such spots.

It's a wonderful book, Mister Editor, and the fellows voted to give it to Bag Hookum for his door neighbor, Bag, who will recollect, fencod off, his pigs on account of not wanting them to associate with his neighbor's young'uns.

Yours truly,
Uncle Dan

Your Library

A book on the art of making Christmas decorations and ornaments, a biography of General Patton, and a new book on quackery are among the assortment of books recently received at the library, and processed for the shelves. Among the fiction titles in this shipment are the following:

THE EXPLORER — Frances F. Keyes

About a love affair, and an exploration — the search of a submerged city in the Andes, the means to fame for Nicolas Hale. A wife is left behind in Virginia, not immune to the "touch of fever in the Washington scene."

THE GROVE OF EAGLES — Graham

A chatty "postscript for purists" assures the reader that this historical novel of the latter years of Queen Elizabeth's reign, is indeed authentic, historically. The mounting crisis of these years is seen through the eyes of a young man, something less than a hero, but sympathetic, nonetheless.

THE BRIGADIER AND THE GOLF WIDOW — Cheever

A collection of sixteen short stories by the author of *THE WASPISH SCANDAL*. The settings, suburban, Cape Cod, New York, and Italy are familiar to his readers, as are the brands of predicament his characters fall into. All in shiny new format.

THE LOST COLONY — Marshall

A plausible solution to the mystery of the vanishing into thin air of the Roanoke Island colony, offered in a novel which sweeps across oceans and continents. Some of the leading characters grew up in England in the shadow of Stonehenge, and seem to be ordered to sand, to protect a village the dunes encroach upon.

YOU ONLY LIVE TWICE — Ian Fleming

The late creator of the James Bond saga has left us this as the 12th of that series. A tale of the orient, it revolves around Bond's need to be successful in his mission there, or face the end of his service career.

THE CORRIDA AT SAN FELIU — Scott

Illusion and fact are tangled together, and illusion often seems to have the greater reality. An author, and his wife, are killed in an automobile accident, and his publisher puts together a novel from his unfinished manuscripts. The climax comes with the spectacle of the bulls in a Spanish coastal town.

In Bangkok and in Hong Kong the Pedicab, though a relic in the Jet Age, is of great interest to tourists.

The Orient Can Be Most Interesting

Two Belle Glade ladies, Ruth Wedgworth and Dahn Freedlund were privileged to make a tour of the Orient this summer, and their reports of places visited, things seen and their observations, we believe, are very interesting reading. We offer this report, as a source of information, in school, to grow-upers for the observations on the life of the Orientals and descriptive report.

HONG KONG

Edith Freedlund

We left one morning on a chartered launch for a Harbor Cruise. We came past the brick breakwater and Yumai Typhoon Shelter, where there is a floating population of 45,000 people. There are clearly defined streets and marketing is done on the side of small Sampan shops. The U.S.A. the world famous Project CONCERN, the floating hospital founded by Dr. Jim Turpin, an American, about 100,000 children come to the Clinic every day. They are given a glass of milk, a vitamin tablet and two protein wafers. The most common diseases are Tuberculosis, Trachoma, Bronchitis, Anemia, Opium addiction, and Scabies. Our Guide told us that many children are given Opium at home so they will be lazy and will stay home and not go out and get in any trouble. There was also a Floating School and a Floating Church. We could look back at the mainland and see a nineteen story Co-op apartment building. The Harbor is filled with ships from nations all over the world, and we saw a number of our own Battle Ships. The Harbor is especially beautiful at night with lights on the ships. An elaborate Buffet Luncheon was served to us on the Launch, but about half of it was either fresh fruit or vegetables.

Before we arrived we were told that we must have a Certificate of Origin for every thing we bought, as nothing made in Red China would be allowed to enter the United States. I saw a diamond pin in a store at \$1.00 and asked the clerk if he could give me a Certificate of Origin. He looked rather queer and told me to return when I wanted to buy something else. I learned that a C. O. cost 90c. Every piece of brocade, every sweater or garment had to have this Certificate. Then each one had to be mailed to someone in the United States as an unsolicited gift, not to exceed \$200.00 in value. This made shopping very complicated. Stores were filled with beautiful materials of all kinds and suits and dresses could be made in two days with two fittings. Everything cost more than in the States, but I expect it was better. Stores were filled with fabulous pearls and jade jewelry. In a department store I decided to look at the cotton material and found it was all from America. I understand that some people come to Hong Kong every year to do their shopping. At the Wellies Handicrafts shop we found many interesting articles made by needy people and sponsored by thirty Organizations. Tickets on these handmade things had a card telling the name of different churches. The women who waited on us were from England or Scotland and I am sure gave their services.

Our Director is a graduate of Yale, so one day five of us took a Taxi to the Asia College. This is the Yale University of Peking that moved here when the Communists took over China. I was amazed at the modern classrooms and the many new facilities for the students to learn from records. We were guided around by a charming girl from Kentucky who had married one of the instructors the year before. She had come over to teach in a girl's school, a few miles out of the city there will be three large Universities built together. Conditions are very crowded in the present location. We asked her about eating the food and if they got what is commonly called "tourist stomach." She smiled and said they were bothered with it once in awhile. I believe each member of our Tour had a touch of this malady except our Director, who took a pill, Furaxone, every day as a preventative.

Hong Kong to me was very depressing because of the crowded conditions, filth and poverty everywhere. This is caused mainly because of the hundreds of thousands of refugees coming from Red China. Hong Kong harbor is a busy sight. Eight hundred and ninety one ships entered Hong Kong during April. Half of these were British ships. A total of 712,995 tons of commercial cargo was discharged and 228,832 tons of cargo loaded in the month of May.

Tips To Zip Christmas Mail

The Belle Glade postmaster included inside the carton, in months of December. That's quite a bit of mail," the Postmaster said.

Remember "A little planning will make the Christmas rush less hectic for everyone."

1. Find last year's Christmas mailing list. If you don't find it, or didn't have one, make one up.

2. Check to see that all addresses are correct. The phone book is usually a good source for local addresses.

3. Whenever possible, add the ZIP Code to the addresses on the list. Because ZIP Code speeds your mail, always include the code for your area in return addresses. This is the best way to inform friends, relatives and business associate of the code number for your area.

4. Determine your list of gift purchases which must be mailed. Such planning allows you to shop early when selections are greatest and you can stock up on mailing materials in advance. Be sure to purchase enough material so that parcels will be packed securely.

The postmaster emphasized that poorly wrapped and loosely packed cartons are the major cause of parcel post damage. She also suggested that the address be written on only one side of the exterior wrapping and that a duplicate address be

"We are asking everyone to be especially cooperative this holiday season. During the peak of the rush we expect that 7 million pieces of mail will flow through the system and it looks as if 12 billion pieces will be delivered during the entire season."

Thru Hoover Dike Permit Asked for Water by USDA

Answers to U. S. WIDE QUIZ

1. West Quoddy Head, Maine, is the easternmost point in the U. S.
2. Bartolomeo Cristofari, a harpsichord maker, made the first piano in 1709.
3. English, French, Russian, Spanish and Chinese are the official languages at the U. N.
4. A 5 cent piece is 25 percent nickel and 75 percent copper.
5. Dinosaurs became extinct 60 million years ago.
6. The Hope Diamond is blue.
7. Benjamin Franklin said, "Where liberty dwells, there is my country."
8. Five bundles make a bale.
9. Ten states participated in the Presidential election of George Washington.
10. Both myths and fables are imaginative stories, but a fable differs in that its purpose is to convey a moral lesson.

Application has been made to the Department of the Army by the U. S. Department of Agriculture, Box 156, Canal Point, Florida, for a permit to reconstruct a water intake structure, place a 6-inch pipeline, and to place an underground electrical conduit across Hoover Dike (Lake Okechobee Levee) at State 352-40 Division 9, in Palm Beach County, Florida.

"The 6-inch pipeline and conduit would be buried across the levee at a minimum depth of 2.5 feet. The intake structure, containing a pump and motor, would be placed on the easterly shore of the Rm Canal. Application plans of this

work may be seen at the office of the District Engineer, Corps of Engineers, 575 Riverside Avenue, Jacksonville, Florida, and at the office of the Area Engineer, Corps of Engineers, Clevelston, Florida.

This public notice is being distributed to all know interested persons in order to assist in developing facts on which decision by the Corps of Engineers can be based.

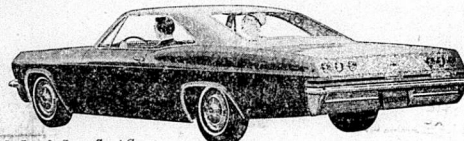

For accuracy and completeness of the record, all data in support of or in opposition to the proposed work should be submitted in writing setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition. While a Department of the Army permit merely expresses assent so far as the public rights of navigation are concerned, information from interested persons on aspects of the proposed work other than navigation will be accepted and made a part of the record on the application. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims. Protests or comments regarding the application under consideration should be submitted to the District Engineer, Corps of Engineers, P. O. Box 4970, Jacksonville, Florida, 32201, in time to be received on or before December 24, 1964.
